healing with natural mastic

Mastic

Mastic is the balsam of the mastic tree, which grows only on the Greek island of Chios.

It is a 100% natural antibacterial substance obtained from mastic trees that have been growing for more than 15 years, and it is a very precious ingredient that can only be obtained in 150 grams per year per tree.

The method of cultivating mastic has been designated as a UNESCO Intangible Cultural Heritage of Humanity, and the European Medicines Agency has approved mastic as a traditional herbal medicine ingredient with proven digestive health and wound healing effects that has been used for thousands of years.

OUR PRODUCTS

Mastic Dental Gel

Mastic 24K Toothpaste

Mastix Mastic Oil Capsule

PATENT CERTIFICATE

Mastic Korea is a company specializing in mastic that has been researching mastic since 2005.

The raw material (chios mastic) used in toothpaste and oil products are imported directly from the Greek Chios Mastic Growers Association. We hold intellectual property rights related to the products with mastic composition, such as trademark rights and patents.

Application of four patented technologies related to mastic

Mastic Dental Gel

Amazing senior toothpaste, Reduces gum pain
Strong and fast effect
No need to rinse with water

Mastic Dental Gel is a natural mastic gum massage gel invented for gum health.

Germ and inflammatory substances can flow into your blood vessels and spread throughout your body. Sore gum can cause other serious health problems like heart attack and stroke.

Mastic Dental Gel was created with a focus on the “key to healthy oral microbiome balance”.

Check out the following key points.

100,000 ppm of Mastic Oli

Mastic balsam, which is produced from the mastic tree on the Greek island of Chios and flows like tears to heal wounds. Mastic Dental Gel contains overwhelming 100,000 ppm of mastic oil.

Oral Microbiome Care

Try microbiome care with Mastic Gel. This natural balsam product inhibits 99.9% of harmful bacteria in the mouth and reduces harmful bacteria while preserving beneficial bacteria.

**All ingredients are EWG Green-rated
and no foaming ingredient**

Mastic Dental Gel that contains only EWG Green-rated safe ingredients and no harmful ingredients.

How to use the easy-to-use massage gel

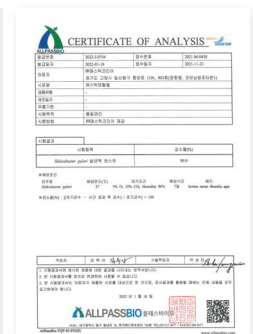

Brush your teeth with a soft, fine-bristled toothbrush.

You can spit out the saliva that has accumulated in your mouth without rinsing it out with water.

If your gums are in poor condition, apply the gel and gently massage the painful gum.

Mastic 24K Toothpaste

*Microbiome care that maintains a healthy
microbial environment in the mouth
Gentle yet strong antibacterial power of 99.9%*

Mastic 24K Toothpaste is made for daily oral microbiome care using patented mastic composition. It inhibits 99.9% of harmful bacteria to create a healthy oral environment, and its mild foam is non-irritating, allowing you to brush your teeth comfortably.

24,000 ppm of Mastic Oil

Mastic 24K Toothpaste boasts an overwhelming mastic oil content of 24,000 ppm.

Patented 99.9% antibacterial power

Mastic 24K Toothpaste, which applies patented technology for mastic, inhibits 99.9% of the causative agents of various periodontal diseases, including *Helicobacter pylori* (the causative agent of stomach cancer), mutans (cavity-causing bacteria), and gingivitis (periodontal bacteria).

Plant-based mild foam and EWG Green-rated safe ingredients

Made only with good ingredients from the EWG Green-rated list, this is a safe product registered with the Ministry of Food and Drug Safety. It also uses the minimum amount of mild plant-based foaming ingredients to produce the best effect with less foam.

Fluoride-free, SLS-free, Fragrance-free

It is made without preservatives, artificial flavors, or colors, so it contains no harmful ingredients. It is also made without fluoride to prevent problems caused by excessive fluoride intake, making it a very safe toothpaste for pregnant women and infants. It contains hydroxyapatite, which protects damaged teeth by replacing fluoride and prevents cavities.

Mastix Mastic Oil Capsule

Patents for *Helicobacter* inhibition and stomach health

Easily take two capsules a day
5 times intake of KFDA dossage

Just take two capsules a day. It is the best supplement for stomach upset, *Helicobacter pylori* prevention, and digestive health.

Enjoy a healthy digestive system like the prescription of Hippocrates.

The only patented mastic food that inhibits 99.9% of harmful bacteria

We applied three patented technologies to mastic and focused solely on developing food that is good for the body. It is a natural food for health that inhibits 99.9% of harmful bacteria.

The Amazing Benefits of Mastic

Mastic is an organic balsam that is only found on the Greek island of Chios. It has 16.5 times the antibacterial power of propolis and is a traditional medicinal ingredient registered in the pharmacopoeias of many countries around the world. It is so highly antibacterial that Hippocrates, the father of medicine, prescribed it.

Easily take mastic with two capsules of highly concentrated oil per day

The best way to take mastic is to take it in the form of highly concentrated oil capsules. If you were bothered by the powder product that easily spills and blows around, you can take highly concentrated oil capsules made with the world's first highly concentrated extraction patent.
