CHAEBIJEONG

CHAEBIJEONG Agricultural Corporation Co., Ltd.

About us

CHAEBIJEONG is a specialized manufacturer in agricultural production and processing, providing customers with fresh, high-quality produce.
We create healthy and delicious products by handling various types of agricultural products, prioritizing our customers' well-being.

Our company specializes in material processing, with a particular focus on garlic, using cutting-edge technology and expert knowledge while guaranteeing product consistency and safety through rigorous quality control.

Our company processes materials, particularly garlic, using cutting-edge technology and expert knowledge, while ensuring product consistency and safety through rigorous quality control. Equipped with state-of-the-art manufacturing facilities, patents,HACCP certification, and U.S. FDA approval, we secure the excellence of our products through the standardization of all processes—from sourcing tomanufacturing, inspection, and sales—and product development, while widely promoting their superior quality.

Customer satisfaction is our top priority as we tirelessly strive to deliver products and services beyond customer expectations.
Our fundamental mission is to safeguard our customers' health through fresh and wholesome products.

We place the utmost importance on quality and are dedicated to promoting sustainable agriculture and a healthy food culture. Our commitment to continuous research and development will bring innovative products that amaze our customers.
